A Review of the Experts' Views/Opinions about Creativity and Strategies for Its Elevation in Teachers and Principals

Original Research, B17

Taghi Lou A.

| ABSTRACT: | In this review, a number of experts’ ideas about creativity and strategies to enhance the creativity of teachers have been gathered. These ideas suggest that creativity is not a static trait but a dynamic process that can be fostered and developed. Educators and school leaders play a crucial role in nurturing creativity among teachers, which in turn enhances the creative potential of students. Proper training and support can enable educators to become creativity trainers who can train the creative trainers. |
