Network Policy Making: A Necessity for Today’s Organizations

Original Research, C5

Kamel M. Alvani S.M. and Mohammadi Moghadam Y.

ABSTRACT: The highly changeable and inconstant condition of organizational environments, including public and private sectors, has gathered more attention to the necessity of network policy making. This research considers the role of the network structure and the management of it in forming and implementing network policies. The research aims to recognize the necessity, characteristics, strategies, and difficulties of network policy making in the context of current conditions.
