The Relationship between Literary Ability of Students and Their Academic Achievement

Original Research, C8
Dorri N. Zarei E. and Heydari H.

ABSTRACT:
This study examined the relationship between students' academic progress and their literary abilities. This was a descriptive study through which the relationship between the factors of the Ukrainian literature and the students' academic progress was investigated. The results showed that there is a significant positive relationship between the literary ability of the students and their academic achievement. Therefore, it is recommended that general programs for optimizing the literary abilities of various ages be provided, as this is not gender specific.

Keywords: Literary Ability, Academic Achievement, Literary Knowledge, Comprehension
