Composing in Persian as a Second Language and English as a Foreign Language: A Study of Narrative Writing

Savaedy SY.

ABSTRACT: Although numerous studies have been conducted to investigate second language composing processes; little research has been conducted on the topics of second language and narrative writing. This study investigated the composing processes of Iranian university students who were enrolled in English as a Foreign Language (EFL) and Persian as a Second Language (PSL) courses. The 20 students were divided into two groups, learning English or Persian, and the study focused on their composing processes, as well as their performance. The students within the English group had fewer problems in composing, whereas some of the students below the level had considerably more problems in composing in English and Persian.

Keywords: Second Language, Narrative Writing, Linguistics
