ABSTRACT:

Loan, as a part of economic system with social results, is emphasized in Quran and narrations. Verses of Quran about loan are critical to Islamic economy and are considered as a core of the Islamic economy. The historical view of loan in Islam, the conditions of loan, and the conceptualization of loan in Quran are important in understanding the Islamic economy. This study aims to compare the loan rules in the Quran, according to the viewpoints of the Imami scholars, with other viewpoints in Islamic economy. 

Keywords: Loan, Religion, Interest Free Loan, Charity
