Assessing the Effects of Auditing Institutions’ Size and Type of Auditors’ Opinion on Auditing Institutions’ Rotation

Original Research, D28

Abdoli M. Mahmoudzadeh A. and Darvishan M.

ABSTRACT: Nowadays, not only in academic areas but also among the ordinary people and organizations, auditors' independency is regarded as an important factor in ensuring the credibility of the financial statements. The independency of the auditing group can be affected by factors such as the size and type of the auditing institution. This study aims to assess the effects of auditing institutions’ size and type of auditors’ opinion on auditing institutions’ rotation. Based on the research, the size and type of auditors’ opinion are not significantly associated with auditing institutions’ rotation.
