Assessing the Effects of Auditing Institutions’ Size and Type of Auditors’ Opinion on Auditing Institutions’ Rotation

Original Research, D28

Abdoli M. Mahmoudzadeh A. and Darvishan M.

ABSTRACT: Nowadays, not only in academic areas but also in ordinary people's and organizations' fields, auditors' independency is one of the most important criteria for people's trust. The independency of auditors is directly associated with the effect of their opinion on the organization's reputation. The size of auditing institutions and the type of auditors' opinion are the two factors that can affect the rotation of auditing institutions. This article aims to investigate the effects of auditing institutions' size and type of auditors' opinion on auditing institutions' rotation.

Keywords: Auditing Institution's Rotation, The Type of Auditors' Opinion, Auditing Institution's Size
