The role of pleasant and unpleasant odors in individual and social attractiveness is the focus of this study. The study aimed to evaluate the impact of these odors on the attractiveness of individuals and social groups. Pleasant odors have more influence on women, but the effects of unpleasant odors are the same for both sexes.
ABSTRACT:
Economic institutions mostly hold their assets in the cash accounts. The present study mainly aims to assess the relationship between cash flow sensitivity and operating cash flow. The results also showed that fiscal restraints are not significantly influential in cash flow sensitivity of cash.

Keywords: Asymmetric cash flow, Fiscal constraint, sensitivity of cash

ABSTRACT:
The purpose of this study is to investigate the effect of corporate governance mechanism on information content of operations (unprofitable compared to profitable companies). To do so, the impact of variables such as Institutional Investors, The Non-duty Managers in the Board of Directors, Free Float Stock and The Use of Debt in Financing on Stock returns of both unprofitable and profitable companies was studied. Statistical sample includes 13 companies, between the years of 2007 to 2012 this study “combinational data” method was used in order to test considered theories. Results of this research show that there is a meaningful relation between nominative stockholders percentage of property and stock returns in bad companies. Moreover, there is also a positive relation between unbound managers in the board of directors and stock returns, which its impact is more in bad companies. Additionally, there is a meaningful relevance between floating stock and stock returns in both profitable and bad companies but it has a stronger effect on the former one. Finally, there is a negative relation between the use of debt to financial feasibility and stock returns in bad companies. However, no relation was found in profitable companies.

Keywords: Corporate Governance, Debt Financing, Institutional Investors, Non-duty Managers, Stock returns.
