Masters Students’ Views towards the Ratio of Iran IAU-Sari Branch Faculty Members use of Human Relations Index

Original Research, D63

Mirsaidi, G. and Yaghoubi, M.

ABSTRACT: The purpose of this study was to evaluate Masters Students’ Views towards the Ratio of Iran IAU-Sari Branch Faculty Members use of Human Relations Index. The investigation was conducted with a sample of 150 Masters Students of the IAU-Sari Branch for the academic year 2013-2014. The research showed that the majority of students believed that faculty members' use of Human Relations had a significant effect on their learning and teaching space. The findings indicated that students were more willing to try to communicate more effectively with them and teaching space became more motivated for them.

An Examination into the Elementary Schools Teachers' Viewpoint on the Role of Assistant Principal

Original Research, D67
Mahdavi, N.

ABSTRACT: The present research has employed a qualitative approach with a phenomenological method to assess the viewpoint of teachers on the role of assistant principal within the enacted curriculum. The study reveals that teachers perceive the role of assistant principal as influential in encouraging the employment of innovative methods and avoiding traditional methods.

Keywords: Enacted Curriculum, Role, Viewpoint, Assistant Principal
The main purpose of this research is to survey the relationship between social capital and knowledge management with organizational intelligence in the tax affairs organization of Tehran. The study found that social capital and knowledge management components, learning organization, relative and recognitive capital can predict the organization intelligence.

Keywords: Social capital, Knowledge management, Organizational intelligence
ABSTRACT: Business and commercial units play significant role in economic structure of a country. Today, business units as main players in stock exchange market play an important role in adding value to stock. The main purpose of this research is to investigate the correlation between financial capital, abnormal yield and business added value. For this purpose, the research conducted on 30 companies that entered Tehran Stock Exchange during last year and was examined in two quarters. Research results show there is correlation between financial capital, economic added value, residual income and book value with abnormal yield of stock in newly-arrived companies to Stock Exchange.

Keywords: Financial capital, Abnormal yield, Economic added value.
The Relationship between Religious Beliefs, Optimism and Moral Health of the University Students

Original Research, D70

Zakery, J. Makari, R. Pir Cheraghal, A. and Zahedi, O.

Investigating the Impact of Restated Financial Statements on Persistence of Financial Performance

Original Research, D71
Khatibzadeh, P. Abdoli, M. and Dehdar. F.

ABSTRACT: The present research investigates the relationship between restated accounting figures and persistence of financial performance. It is hypothesized that restatement increases, while increasing financial leverage results in reduction of the persistence of financial performance.

Keywords: Restated Financial Statement, Persistence of Financial Performance

Earnings Management and Intellectual Capital

Original Research, D72

Galdipour, S. Rahimiyan, F. Etemad, A. and Panahi, H.
ABSTRACT: The present study aims to investigate the relationship between intellectual capital, its development and earnings management. To test this relationship, a sample of 121 companies was selected using random sampling, and the period from 2006 to 2012 was considered. Using the modified Jones model, discretionary accruals were applied as the criterion for determining earnings management. The findings indicate that earnings management and intellectual capital development are interrelated, but there is no significant relationship between intellectual capital and intellectual capital development.

Keywords: Intellectual Capital, Intellectual Capital Development
Original Research, D73
Baghdarnia, M. and Arash, M.
