The Comparative Analysis on Mathematical Achievement, Self-efficacy, and Self-concept Based

Original Research, D60

Kakojoibari, A. and Sharifi Saki, Sh.

The current study is aimed at conducting a comparative analysis on mathematical achievement, self-efficacy, and self-concept based on the perceived classroom climate. The findings indicated that there are significant differences in mathematical achievement among students from different classrooms. Route analysis showed that these differences are adjustable by some variables, including mathematical self-efficacy. The study concludes that improving classroom climate and enhancing students' self-efficacy could be strategies to improve mathematical achievement.

Keywords: Religious beliefs, Optimism, Moral health
ABSTRACT: The present research investigates the relationship between the restated accounting figures and persistence of financial performance. It is found that restated financial statements tend to have a lower persistence of financial performance compared to original statements. Increasing non-current assets results in an increase in the persistence of financial performance, while increasing financial leverage results in a reduction of the persistence of financial performance.

Keywords: Restated Financial Statement, Persistence of Financial Performance

Earnings Management and Intellectual Capital

Original Research, D72

Galdipour, S. Rahimiyan, F. Etemad, A. and Panahi, H.
**ABSTRACT:**

The present study aims to investigate the relationship between intellectual capital, its development, and earnings management. To address this issue, a sample of 121 companies was selected through random sampling, spanning from 2006 to 2012. Discretionary accruals were utilized as the criterion for determining earnings management. The research findings revealed a significant association between earnings management and intellectual capital development. However, there was no substantial linkage between intellectual capital and intellectual capital development.

**Keywords:** Intellectual Capital, Intellectual Capital Development, Earnings Management
