ABSTRACT: Transnational Organized crimes are being considered as one of the most important problems of the 21st century. These crimes are the result of various factors that make it difficult to control and prevent them. Therefore, different prevention strategies such as pastoral and social preventions have been set, each of which has its own position. In this article, we will review the measures taken by the government of Iran against Transnational Organized Crimes and its estimated position compared to the UN Criminal Policy.

Keywords: Prevention, Transnational Organized Crimes.
