Measures Taken by Iran to Prevent Transnational Organized Crimes and its Estimated Position Compared to the UN Criminal Policy

ABSTRACT:
Transnational Organized crimes are being considered one of the most important problems of the 21st century. These crimes are being considered as a problem that has no particular prevention and no independent body of strategies has been designated. So, in order to exit from this situation, different prevention strategies such as pastoral and social preventions have been set each of which has been influenced and predetermined on the prevention strategy. This article is attributing to the Iranian government’s measures in preventing Transnational Organized Crimes and UN conventions (Palermo and Merida). In this, the article is comparing the position of Iranian government in preventing Transnational Organized Crimes same as the world’s position.

Keywords: Prevention, Transnational Organized Crimes, Criminal Policy, Position of Iranian government.
